LEMURIAN LOVE

(in stillness - concentrate on this code for a few seconds):

(this will create a diamond/spiral that will open your heart to Lemurian Love)

Venus: I AM ME – I LOVE WHO I AM

With transit of Venus, eclipses and Winter Solstice energies, it is truly a time of great potential. A time of which has not existed within this light, this star for eons. Aspects of you are appearing within your vibrational systems, aspects which are igniting a memory of another time, another place. You have a grand opportunity now to 'reach in' and draw forth NOW these aspects of memories, times, places, experiences and OWN all that you are – every aspect in love.

“Honour yourself, take this moment NOW to ignite the soul and set free the bindings – move deep within, in the silence of your heart – breathe – call upon your higher light and allow this moment to fully centralise in your being. As this light enters through your key – your heart – allow every cell within you to open, to awaken to your song. Every aspect of your heart and soul will willingly respond to the calling. TRUST/ BELIEVE”.

“Allow every cell to awaken, to open to your song”

IGNITION OF LEMURIAN LIGHT-LOVE STAR GATE

This is more of a personal experience for this Newsletter. Several months ago, I received a message which asked that I to go to the Kimberley Ranges to assist with some Lemurian Star Gate energies if I so wished. My husband, David often thinks I am a bit 'out there' to put it bluntly. He often raises his eyebrows and says "Really!?!?" I am blessed that even though his eyebrows may raise to what would seem extraordinary heights, he is always supportive of my 'callings' and so very willingly decided to come with me (the fact he loves walking in the bush and the birds has absolutely nothing to do with it!). I was so grateful to have him along!

I am one who has always said 'yes' to what Creator has asked and to this date has worked out beautifully. I have travelled to Singapore, Malaysia, Thailand, Bali, New Zealand, Peru, Bolivia and within Australia, some with David, sometimes with others, other times on my own – it always 'feels right' within my heart and soul and so it did this time. I was also told that there would be 'one other being' with us – I knew it was not a 'human' so to speak.

Enter NEO (Neolith) – a crystal skull that joined us on our journey. I was told that Neo holds the Lemurian codes/matrix that are now ready to be activated within all of us and he would assist in the activation and continue to bring these codes to the planet and to any who wished to receive them in the future. Thus, the three of us flowed with the request of being in the Kimberley Ranges on 1st June, 2012. Now, I believe this date was very specific to the alignment of the Venus-transit and the Solstice in June. We travelled over 2,000km in 5 days and have just returned quite exhausted but feeling life, once again, has taken another turn and we shall flow with it.

I haven't really had time to integrate all yet on an energy level, on a mind level I do not wish to – it moved through my heart and I have allowed my mind to be totally at peace with what took place and the experiences I had. As I type this with NEO sitting on my desk, I see rainbow light streaming through him and my throat begins to pulse. I feel a deep connection with the Lemurian light as my energies activate all through my systems and expand out as if I am the Universe all at once. This is the same feeling I had on the 1st June, when a 'Lemurian Light-Love Star Gate' was once again awakened into our hearts and the heart of the Mother to send this light out to all if they so wish it. I feel as if I am the pulse and heartbeat of Mother and everything I experience and feel has awakened within me at the deepest level – such is the light of Lemurian Love.

NEO is such a gift in our lives. He is one that consciously holds this Lemurian Light at its highest level – he holds the balance of shadow and light in union and ignites that within me whenever I sit within his presence (which can at times be a little intimidating!). It is this light that he shines and the many requests from others that has prompted me to write some of my own experiences and to 'own' my truth. I believe that for me, the greatest gift we can give to ourselves is knowing deeply, our truth. While for others what I do may seem 'crazy'. for me it feels so natural and all my experiences have lead me to this moment, no matter how weird to some it may seem.

Perhaps he is helping me to face my fears of judgment from others and to just let go of my illusion of what others may think and the real truth that it is only my own perceptions that chain me. I know that I chose this path to learn TO BE me as a bringer/scribe/activator of light codes to this planet, to consciously assist with this knowledge stored within every cell and to OWN this NOW, no matter what. I have experienced many fears in my 'awakening' but every time I feel and move through another layer, a little more of me is set free so that I can love myself and just be me, consciously, in love.

In my silence, in this moment I read the words of Archangel Metatron (above) and....(affirmations): *"I TRUST that the gifts I have in this lifetime will continue to evolve, to open and to ignite and that I BELIEVE in me, in who I am, in what I do and where I am going – I allow myself "TO BE" - NOW and within that to open my heart to the divine truth within ME"*.

It is always our choice how we see and live our lives. *"I choose to live wisely, deeply, passionately, lovingly, trusting in those around me and the divine truth that awakens me. I choose in this moment, to love and honour ME"*.

May the light of the suns and moons bless you and may your heart always show you the gentle spirit of love that you are.

Blessings, Victoria

A track from “Calls of Nature” by David Webby

“The winged ones hold within them the codes of ‘Lemurian Light Waves’ – the original tones of Lemuria. Listen to their sound, allow your energies to explore and open to their melody and know peace within”.

It would be wonderful for you to look at the “Lemurian Love” code above and then lay down and open your body to the sounds of the winged ones – they are truly the grandest of teachers and the bringers of light.
